

Spirit Night Guidelines

1. Flyers must be distributed prior to the night of the event and **CANNOT** be handed out in the store, parking lot, or drive-thru.
2. In an effort to promote the event, it is suggested that members of the organization participate by offering to get refills for guests, clean tables, or escort the cow mascot.
3. An adult member of the organization may wear the cow costume at the store the night of the event.
4. Email is an excellent way to promote the event. Just have friends print out the email and it will be honored as a printed flyer.

It is our pleasure to support your organization and we look forward to partnering with you to make your "Spirit Night" a success!
